

DROP BOX: A SHARED CLINICIAN & PATIENT EDUCATION RESOURCE

Dr. Margaret Tromp, MD CCFP FCFP FRRMS
Karen Y. Brooks, RN, BScN, CRE, CDM Pt. Educator

MED TOOLS:

A Shared Clinician and Patient Education Resource

- “A patient may see the CDM Nurse Educator, the Family Physician, or both, and spend time discussing disease management.” We need accessible educational tools in every exam room at any one time (our created tools & other tools)
- ‘Max Packing Philosophy’
- Both individual and team members within our FHT can share/utilize this aspect of leveraging technology to improve quality and efficiency of care, as well as strengthen the FHT in shared resources

WHY DROPBOX?

LEARNING OBJECTS:

- **Understand Dropbox and Its Use**
- **Search for, Create, and Save Education Resources and Tools**
- **Potentiate Dropbox Use in the FHT**

The Past, Present, & Future

- **Traditionally, documents were stored in filing cabinets
OR on Karen's desk**
- **Not been easily accessible in exam rooms.
Not well shared within our FHT settings.**
- **EMRs and computers are in every exam room**
- **Using DROPBOX, paper and electronic documents
can be organized and made available on any desktop
in the office, and shared/utilized, to provide consistent
care, with all of our FHT members.**

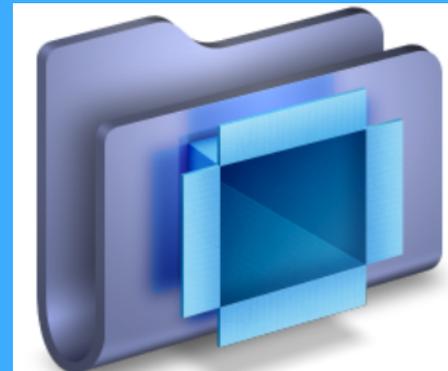

DOCUMENTS BY PURPOSE

- **Patient Education**

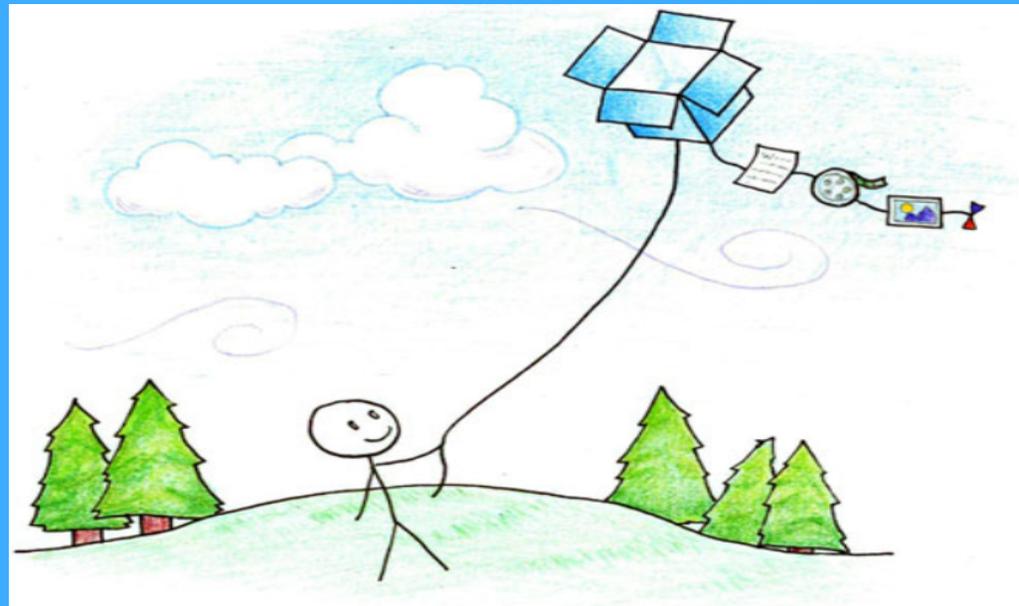

- **Provider Information**

- **Patient Questionnaires**

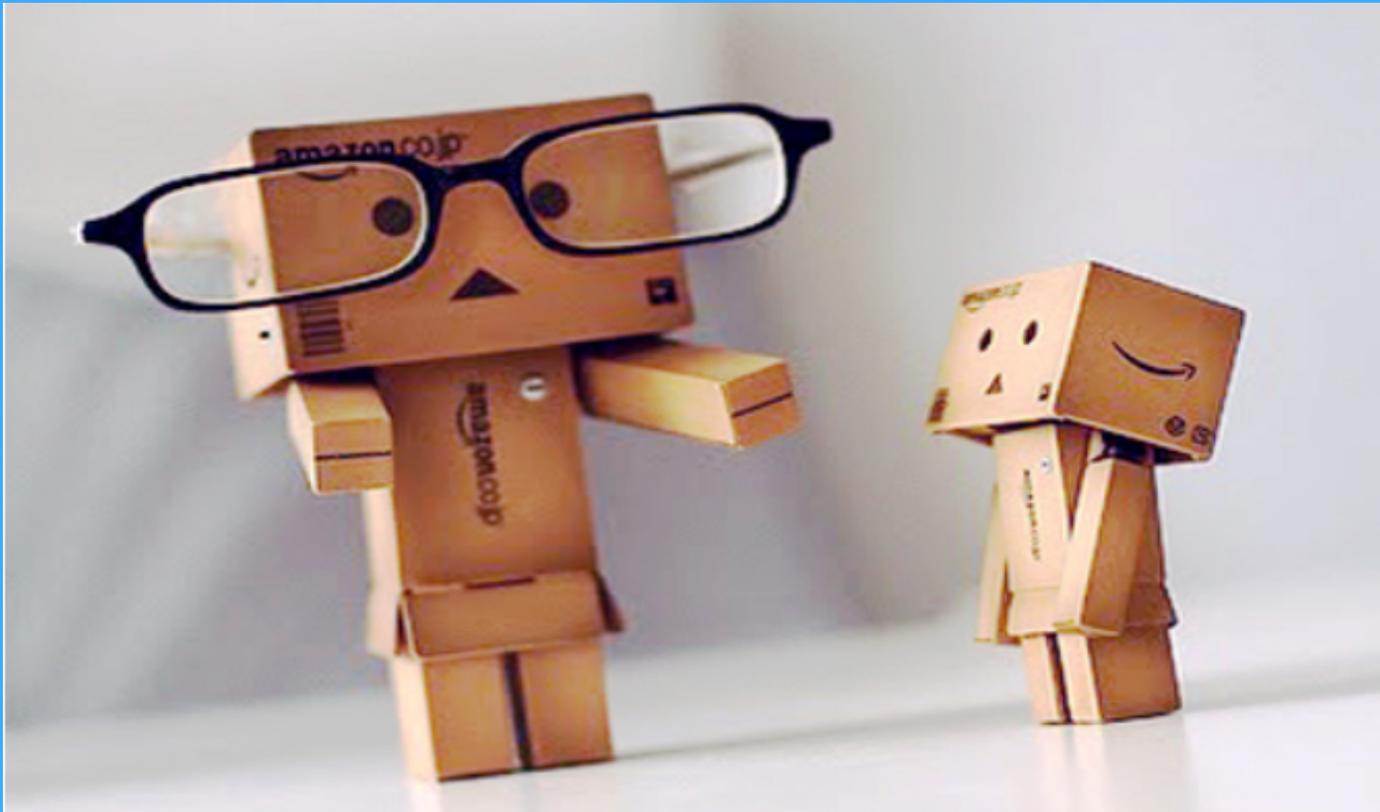

DOCUMENTS BY TYPE

1. **Word Document**
2. **Website Internet Link**
